2024 第四届创新跨境交流会

The 4th Innovation Fair

第四届 Innovation Fair 创新跨境交流会即将于 2024 年再度启幕，延续着前三届的成功经验，计划于 2024 年 9 月举行，为科技创新大会开启崭新的篇章。本次大会旨在为科技创新领域搭建跨境交流平台，致力于推动国际化合作水平、技术转移能力、国际贸易水平和创新能力的提升。通过长远规划，我们将进一步推动和提升国际化合作条件和能力，促进与会单位的国际科技创新可持续发展。

第四届创新跨境交流会上将着重关注科技产业，邀请来自德国、意大利、荷兰等创新国家的企业项目 50 家以上，同时邀请本地企业 400 家以上参与精准对接。行业涉及先进制造、新能源、人工智能、航空航天、医疗、农业技术等领域。为了更好地拓展创新技术产业化应用，本届大会还将特别加入新兴文化创意与设计产业。这一举措旨在促使不同行业的交叉融合，为参与者提供更丰富的合作机会，进一步推动科技产业的全面发展。

The 4th Innovation Fair, a cross-border exchange event, is set to reopen in 2024, building on the success of the previous three editions, this technology innovation fair aims to initiate a new chapter. The conference seeks to create a cross-border exchange platform for the field of technological innovation, committed to advancing international cooperation, technology transfer capabilities, international trade levels, and innovation capabilities. Through long-term planning, we will further promote and enhance the conditions and capabilities for international cooperation, fostering the sustainable development of international scientific and technological innovation among participating entities.

The 4th Innovation Fair will focus on the technology industry, inviting over 50 companies and projects from innovation powerhouses such as Germany, Italy, the Netherlands, and welcoming participation from over 400 local enterprises for matchmakings. The industries covered include advanced manufacturing, new energy, artificial intelligence, aerospace, healthcare, agricultural technology, and more. In order to better expand the application of innovative technology industrialization, this edition will also incorporate the emerging cultural, creative, and design industries. This initiative aims to encourage cross-industry integration, providing participants with richer collaboration opportunities and further propelling the comprehensive development of the technology industry.

2023 年第三届 Innovation Fair 创新跨境交流会于 11 月 29-30 日在南京召开主会场，12 月 1 日在上海、太仓举办分会场。包含全体大会“跨境技术产业化大会”，以及十多场海外推介对接会，涵盖领域包括德国先进制造、德国环保技术、德国汽车内饰先进材料、意大利航空航天等共海外代表团科技项目 20 余家，与近 300 家江苏省及南京的本土企业进行了面对面、多维度、深层次的企业对接交流，共同探索跨境拓展与合作，达成意向性合作 30 家以上。

2023 Innovation Fair 创新跨境交流会旨在全面提高本地企业的国际化合作水平、技术转移能力和知识产权保护水平，并从长远规划中推动和提升国际化合作条件和能力。2023 Innovation Fair 创新跨境交流会的成功举办促进了与会单位的国际科技创新可持续发展能力。同时，帮助了欧洲项目在中国的产业化发展，助力其成功进入中国市场，为双边企业、院校、政府的交流对接提供了高效的平台，有利促进外企来华落地和发展。

The 3rd Innovation Fair, an international cross-border exchange event, took place in Nanjing on November 29-30, serving as the main venue, followed by additional sessions in Shanghai and Taicang on December 1. The event featured the overarching conference "Cross-border Technology Industrialization Conference" and over ten overseas promotion and matchmaking sessions. These covered diverse fields such as advanced manufacturing, environmental technology, advanced materials for automotive interiors from Germany, and aerospace technology from Italy. More than 20 overseas delegation projects were presented, engaging in face-to-face, multidimensional, and in-depth business matchmaking with nearly 300 local companies from Jiangsu Province and Nanjing. The collaborative efforts explored opportunities for cross-border expansion, resulting in agreements for tentative cooperation with over 30 companies.

The 2023 Innovation Fair aims to comprehensively enhance the international collaboration capabilities, technology transfer abilities, and intellectual property protection levels of local enterprises. Through long-term planning, the event seeks to advance and elevate the conditions and capabilities for international collaboration. The successful hosting of the 2023 Innovation Fair has facilitated the sustainable development of international technological innovation capabilities among participating entities. Furthermore, it has assisted European projects in industrializing their developments in China, supporting their successful entry into the Chinese market. The event has provided an efficient platform for bilateral enterprises, academic institutions, and government agencies to connect, fostering effective communication and collaboration, particularly promoting the establishment and development of foreign enterprises in China.
