### **Special request for international cooperation for rice**

We, the company **Best Achizitii SRL**, headquartered in Romania, on Blvd. Ferdinand I, no 58, district 2 and workstation in town Glina, district Ilfov, having the VAT no32125703 and register on the Register of Commerce under the no J40/16975/2017. We are a company with a tradition on the Romanian market, with an experience of over 10 years and a galloping expansion on the Romanian food market. We have over 600 employees and a turnover of over 20 million euros. We own our car fleet as well as our own packaging section equipped with the most advanced equipment on the market.

We come to you with a special request for long-term international cooperation between our company, on the one hand, and the rice-producing companies on the territory of Greece.

Our company is an integral part of a very important contract concluded with the Romanian Government through the Ministry of European Funds where our company is the main supplier of rice for disadvantaged people in Romania. Through this contract concluded by our company with the Romanian Government, Best Achizitii company must supply a quantity of 3000 tons of rice, twice a year, for the next 2 years.

For this fact, our request to you is to help us and put us in contact with all the rice mills in Greece or help us with a list with those contacts because our demand of rice is very important.

Also, **beside the quantities** that we need for the contract concluded with the Romanian Government through the Ministry of European Funds, we also need least 1.000 tone of **different types of grain white rice for the local market** because also our company becomes one of the main players on the rice market in Romania.

The specifications of the rice that we are in need are the next one:

- **For the quantity of 3.000 tones of white rice** for the contact of with Romanian Government, the white rice must have the next specifications:
- **Any type of white rice, grade B, 2<sup>nd</sup> quality with 15 - 20 % broken**
- **White rice, double polished and least one time passed through the mill**
- Quantity: 3.000 tones packed in big bags of bags of 50 kg
- Period of delivery: starting with November until the end of January (we can discuss this point)

- **Organoleptic characteristics - Conditions of admissibility**  
Appearance Fully shelled grains;  
Color White to yellowish white;  
Characteristic odor, without foreign odor (of mold, of fire, of rodents, etc.);  
Pleasant taste, specific.
- **Physical-chemical characteristics - Maximum permissible values%**  
Inorganic foreign bodies 0.3 %  
Organic foreign bodies 0.3 %  
Yellow grains 3 %  
Red-striped grains 8 %  
Undeveloped grains (green) 3%  
Chalky grains 5 %  
Broken 15-20 %  
Small broken 4 %  
Humidity 14 %  
  
➤ **For the LOCAL MARKET**, our needs it is for least 1.000 tons of rice divided in 3 types of grains:  
**long grain, medium grain and round grain** with the next specifications:
  - **White rice, grade A, 1<sup>st</sup> quality, double polished and least one time passed through the mill and on our request camolinized with oil:**
  - Quantity: 1.000 tones packed in big bags of bags of 50 kg
  - Period of delivery: during with October and on contracts for long term.
- **Organoleptic characteristics - Conditions of admissibility**  
Appearance Fully shelled grains;  
Color White to yellowish white;  
Characteristic odor, without foreign odor (of mold, of fire, of rodents, etc.);  
Pleasant taste, specific.
- **Physical-chemical characteristics - Maximum permissible values%**  
Inorganic foreign bodies 0.2 %  
Organic foreign bodies 0.2 %  
Yellow grains 1 %  
Red-striped grains 3-5 %  
Undeveloped grains (green) 1%  
Chalky grains 2 %  
Broken 5-10 %  
Small broken 3 %  
Humidity 14 %

We are we hope for a beautiful and long-lasting collaboration and we are waiting for your answer!

Regards!
