

**Dear Sir/Madam,**

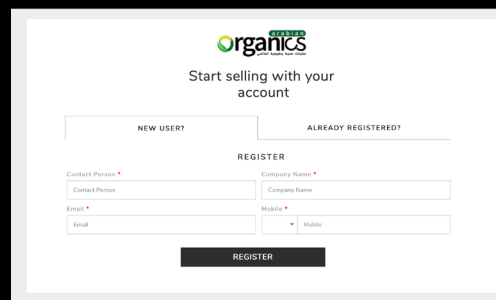

As part of its ongoing **communication campaign** in the region, the European Union cordially invites you to exclusive membership access to the Arabian Organics Market, the #1 wholesale market in the Middle East for everything organic.

In line with the Organics & Natural exhibition happening on the 15th of December, the marketplace is an active platform for producers and exporters to gain competitive advantage by joining the marketplace, promoting their products, and connecting with regional top-level buyers.

Given the rise in demand for organic & sustainable products in the Middle East, we have a special offer only available to certified  European organic producers and exporters who want to enter the market—20% off any of the 3 annual membership packages available at the Arabian Organics Market.

Should you be interested, please follow the steps below in order to receive access to the marketplace and start building your business in the Middle East:

- Register directly from the package information link **here**, choose the package, then complete registration.
- MUST include the discount entry code: **“EUA02020”** in brackets after your company name at time of registration, for example COMPANY NAME (EUA02020).

The screenshot shows the registration page for the Arabian Organics Market. At the top, it says "organics" with a logo and "Start selling with your account". Below this are two tabs: "NEW USER?" and "ALREADY REGISTERED?". Under "NEW USER?", there is a "REGISTER" section with several input fields: "Contact Person", "Company Name", "Email", and "Mobile". There is also a "REGISTER" button at the bottom of the form.

Enjoy It's From Europe!
